3. If you were to speak with someone who was thinking about hiring us, what would you say?

They are excellent @ at keeping up you up to date on where you stand with your case whether through email, phone, or text. They try to answer any questions you have in an excellent amount of time. They are with you every step of the way.

4. What specific thing did you like best about our service?

(Examples: Friendly and down to earth; Kept you informed; Fought for you; Reduced your stress; Treated you like family; Trustworthy and honest, etc.)

I like the fact that they were friendly and easy to talk to and they kept me informed through out the process. They also made sure I understood everything that was happening + why it was happening.

5. Why did you decide to hire us in the first place?

(Examples: Referred by a friend or family member; Read Keith's book; Keith's story; Saw reviews on Google/Avvo/Facebook; Keith's 100% Satisfaction Guarantee, etc.)

I liked the website, and it seemed like a honest website. I also saw reviews on Google of other people who had success there.

6. How did you feel about your injury case before you hired us?

(Examples: Hesitant to talk to an attorney; Cautious about who to trust; Tired of suffering alone; Frustrated with insurance company delays; Anxious about paying medical bills; Worried whether you could afford a lawyer; Uncertain about how long it would take, etc.)

I felt nervous and stressed about not being able to get the medical attention I needed. I did not think I had a case because the police officer refused to fill out a police report on my car accident.

7. What were the biggest challenges you had before you hired us?

(Examples: Unable to pay your medical bills; Fear of the unknown; No expert guidance on what you should do next; No practical information on choosing the right doctor; Not sure who to trust; Not understanding the injury law process; Need help fixing or replacing your car, etc.)

I believe it was fear of the unknown, being young + never having been in a car accident before, and needing help to fix my car.

8. How did we make it easier for you to address those challenges?

(Examples: Answered your questions; Scheduled doctor's appointments for you; Taught you your rights, Advised you about mistakes to avoid; Helped you move forward; Maximized the money you recovered, etc.)

Everything was made easier from answering my question, scheduling doctor appointments, teaching me my right, and maximizing the amount of money recovered.

9. What were the top 2-3 benefits of hiring us?

(In your own words, what specific things did you find MOST helpful?)

1. Helping me become knowledgeable of the process while going through the recovery period.
2. Being in constant contact with me to keep me informed of what was going on.

10. What specific things, if any, could we do to change or improve our service to create a better experience for you?

I'm not sure there is one thing to improve upon.

Almost done...
